

Akiles Pro-Lam

When it comes to a professional, heavy-duty, and efficient laminator no other beats Akiles PRO-LAM!

My **Heat plates are made of extruded aluminum** to guarantee a good and consistent heat distribution.

With me, you don't worry about the time consuming hassles of using carriers anymore, as my **4 rollers are made with silicone**.

My high quality **electronic circuit (PCB)** allows me to quickly adjust the exact temperature that you desire.

I have an **external control system** to make your job easier, with: **Gradual temperature control, independent heat and motor system, ready light indicator, and motor switch.**

I have a **heavy-duty motor**. I don't get tired or over-heat, even under the hardest working conditions.

My **gears are made of steel**, to guarantee strength and durability.

- > **Akiles Pro-Lam** has a built-in high quality **Electronic Circuit Board** to give you **VERSATILITY and CONSISTENCY** for your various laminating jobs. Its external **gradual temperature control** allows you to easily adjust it to the right temperature when changing pouch thickness, pouch composition, or when you need to laminate different materials.
- > **Akiles Pro-Lam** Equals **HIGH PRODUCTIVITY**; Given its independent heat and motor control system. It can be left on stand-by (heat ready) for hours at the time without depreciating the motor, yet you can instantly re-start laminating.
- > **Akiles Pro-Lam** is **EASY TO USE AND PRACTICAL**; It laminates with or **without a carrier** (we recommend the employment of carriers only when using 10mil (4/6) pouches).
- > **Akiles Pro-Lam** is **DURABLE**; Given its heavy-duty motor, steel gears, silicone rollers, metal cover, etc.. It is made to last.

MODEL	Pro-Lam 230	Pro-Lam 280	Pro-Lam 320
WIDTH CAPACITY	9.10"	11"	12.5"
SPEED	4" per second	4" per second	4" per second
LAMINATING TEMP. RANGE	230 a 356° F	230 a 356° F	230 a 356° F
TEMPERATURE CONTROL	Electronic	Electronic	Electronic
DIMENSIONS	446x276x103mm	495x276x103mm	536x276x103mm
WEIGHT	20 Lbs.	22 Lbs.	23 Lbs.
COVER	Metal	Metal	Metal
WARRANTY	One year	One year	One year
